Seniors

Throughout the years we've been pushed, shoved, and threatened. Now we're the ones who are doing the pushing and shoving. We've finally made it to the top, and we're making our presence known. We're tough as nails, hard as bricks, WE'RE THE CLASS OF '86!!!

Juniors

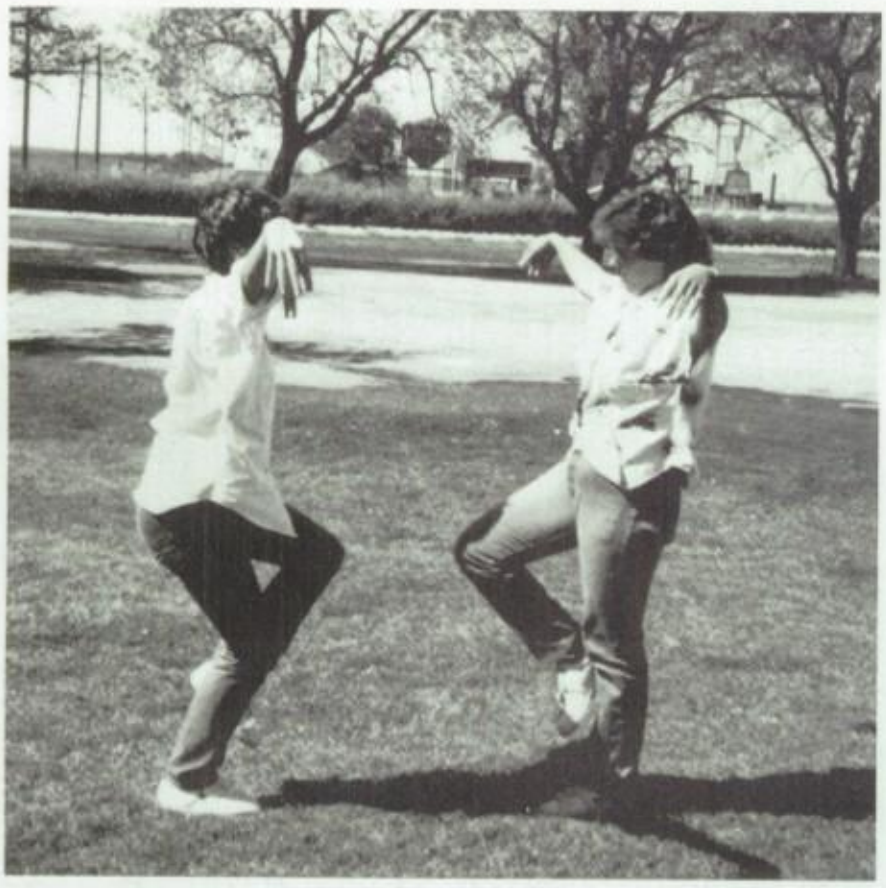
We're the Big, Bold Juniors. At least *we* think we are. We've got everyone in the school looking up to us now — well almost everyone. Next to the Seniors, we're "Top Dogs." But this is the year to be serious. After all, we still have the Prom to give the Seniors and all of next year to live high on the hog.

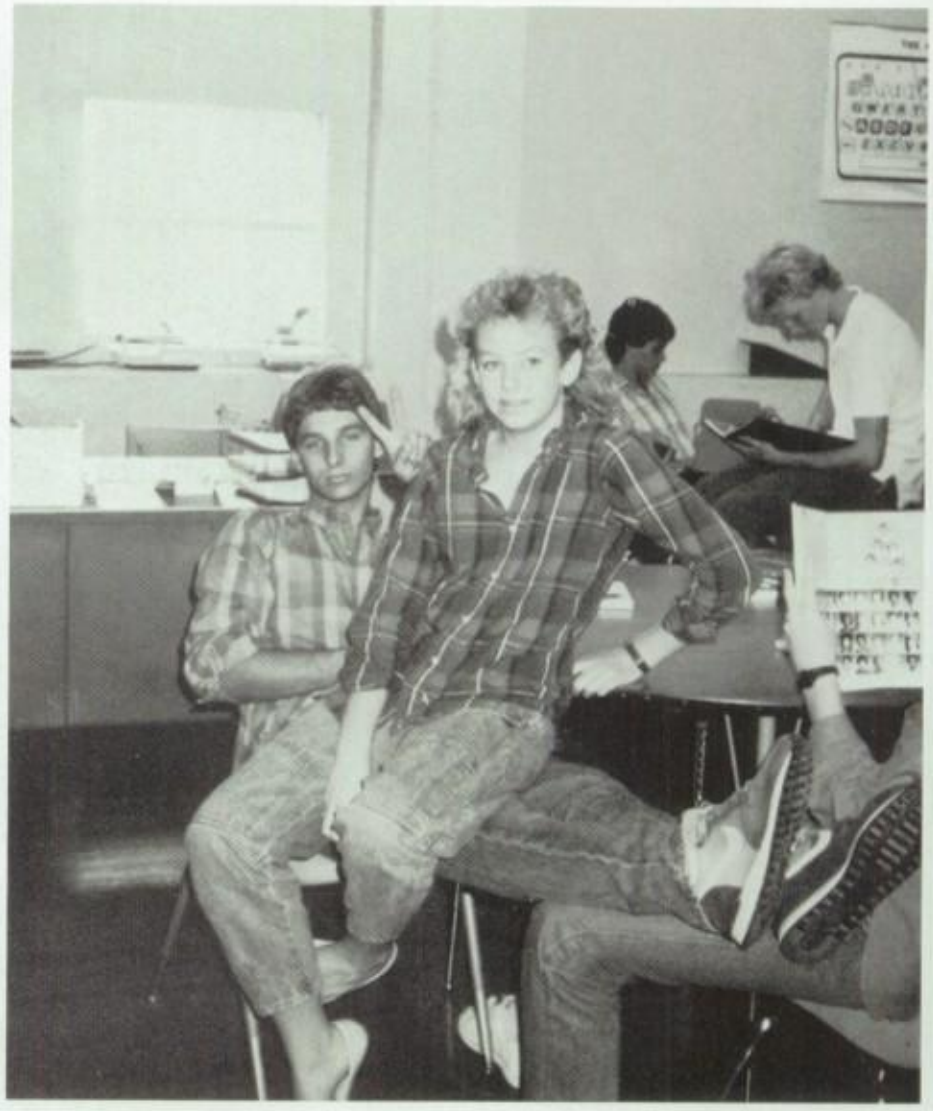
Sophomores

No more Iddy Bitty Freshmen for us. We're movin' up in the world. Now that we know the rules to the game, we're playing harder than ever. Of course, that doesn't mean we're any better in Drivers Ed. In that class we're still learning the "brakes." All in all, though, we're going to give the upper classmen a little competition. Look out world 'cause here we come. We're the Super Silly Sophomores!

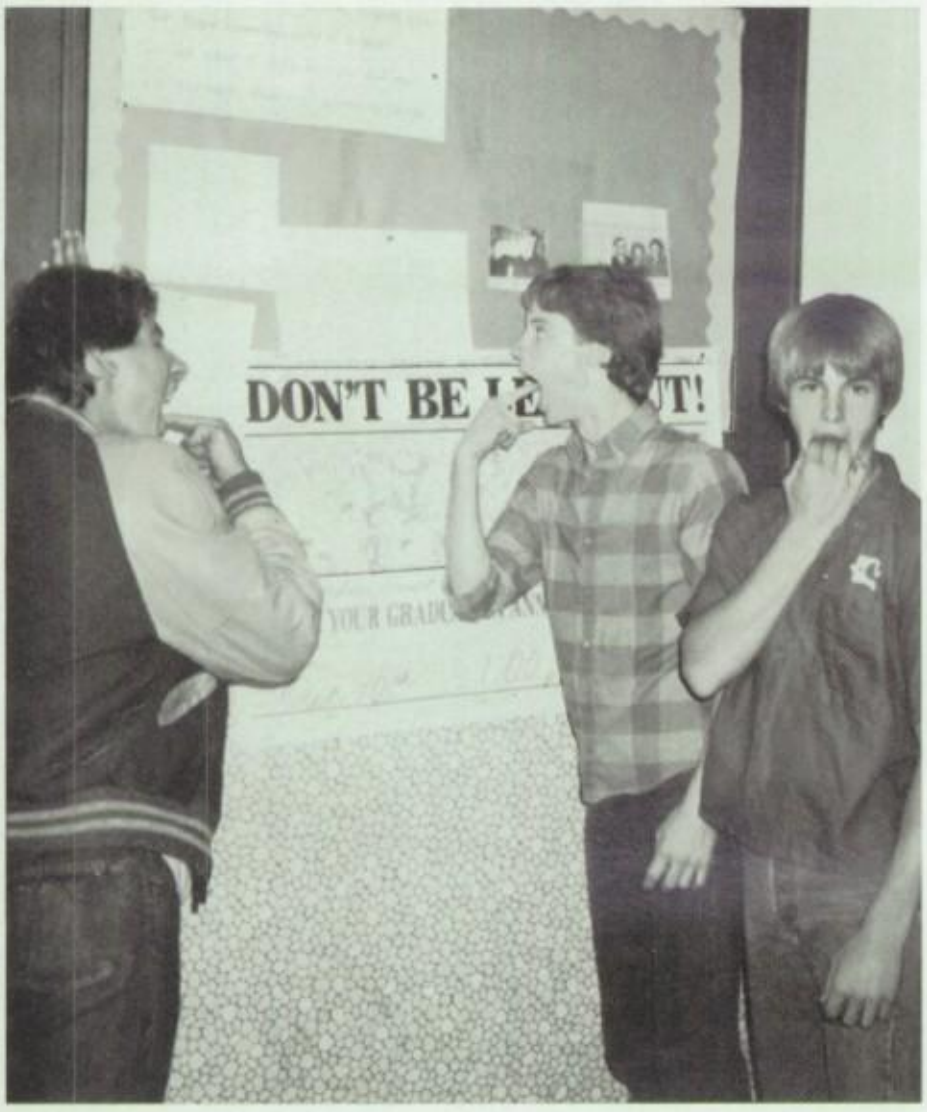
Freshmen

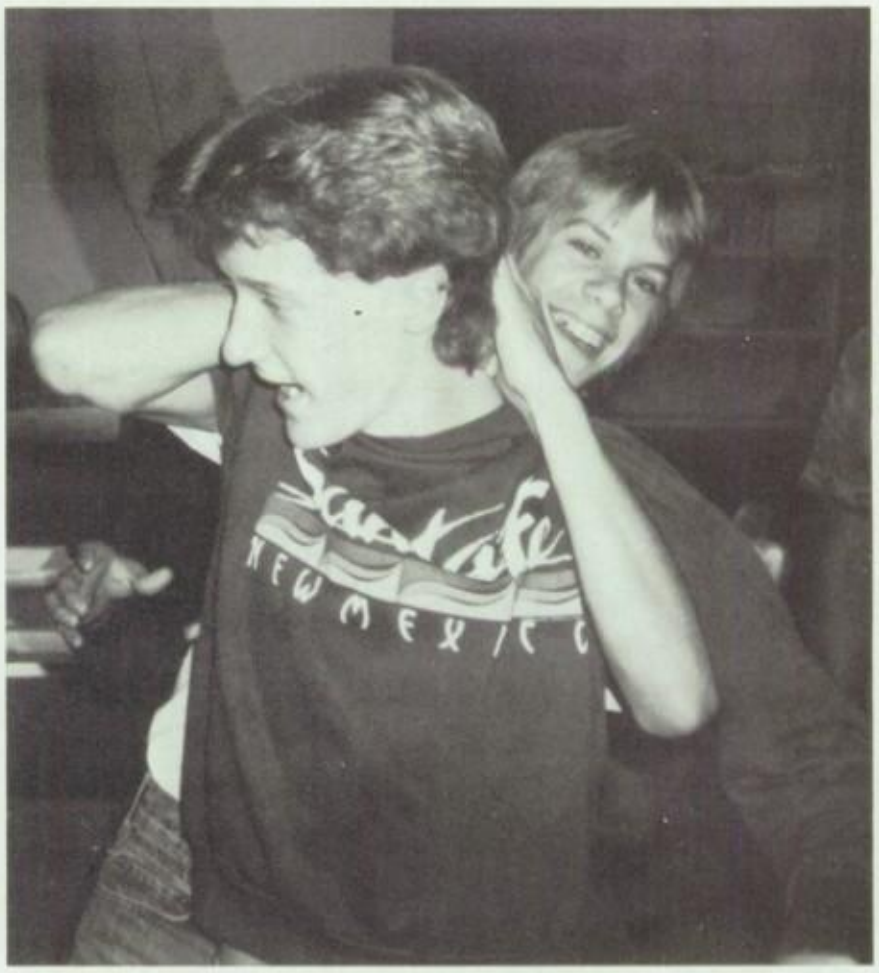
Everyone knows us — We're the Iddy Bitty Freshmen. But at least we're out of Junior High. We know what we want, but the rest of the school doesn't seem to hear us. Oh well, just give us time to learn to climb, we're the class of - *89?!*





1. Is that the Oak Tree?
2. Is that what you call an easy chair?
3. Looks like Tracey is all wrapped up.
4. It's the Mad Scientists.
5. The Three Stooges.





1. What's for lunch?
2. Boomer the Wonder Dog and his amazing master.
3. Boy! Get off me now!!
4. It's the Von Erik brothers.
5. Charlies' Junk Food Angels.

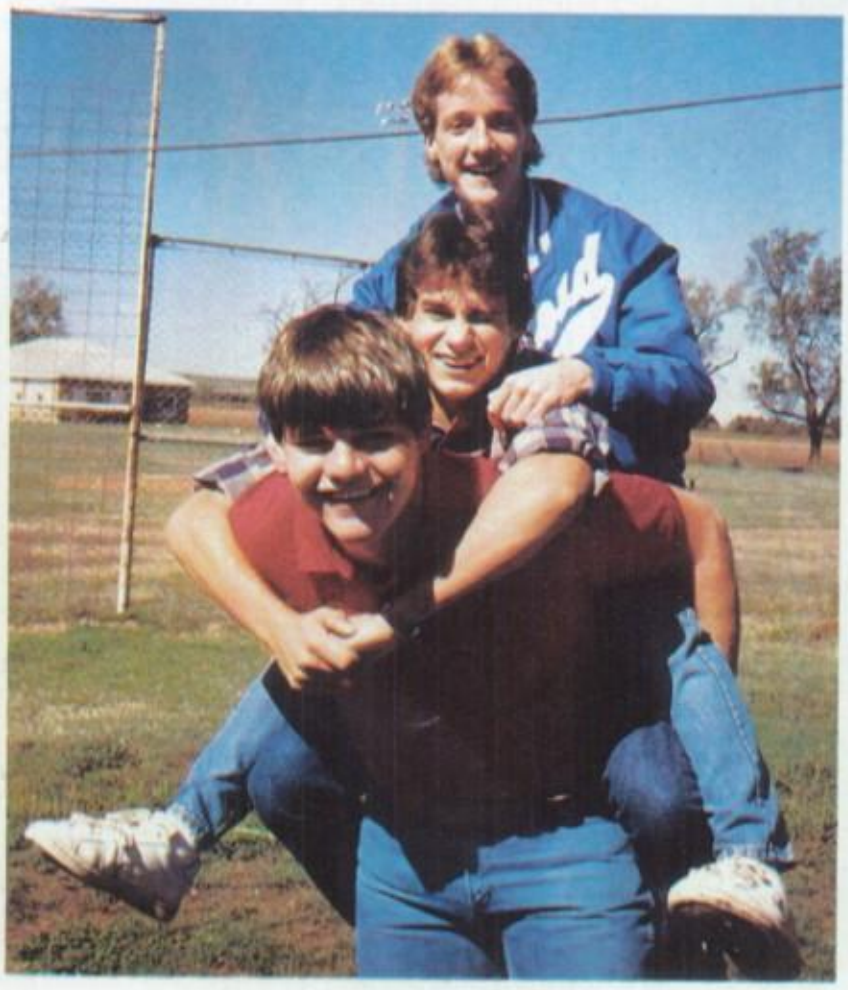
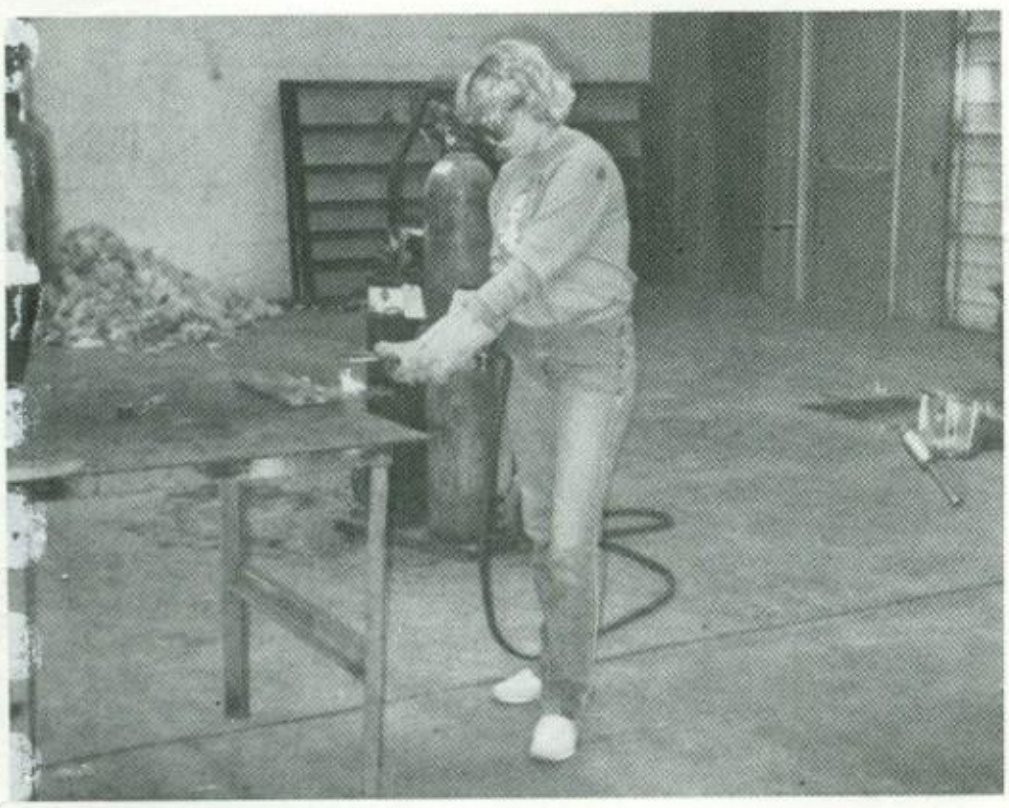
Time Out for Mischief





It's a Bummer when . . .

You lock the keys to your mom's car inside and you have to call her to get the extra set — especially when you're a teacher!!

You get a black eye playing basketball and you're the coach.

Everyone tells you how great your halloween costume is . . . And you're not wearing one.

Your car isn't safe in the school parking lot.

All the high school students drive to school and there are only 12 vehicles in the parking lot.

You try to impress a girl by doing a burnout in your truck and you crash into a tree.

You have to go to Chemistry, Biology, Trig., and English all in the same day.

You take home every book in your locker except the one you need.

The girls have to go out in the shop — and actually work.

Your stomach starts growling during *first* hour.

Merry

Christmas

LIL' RED EXPRESS

The Greenfield Elementary rode the Lil' Red Express Train on December 11. The students earned the money to ride the train by selling raffle tickets on a cassette recorder-player.

The pupils and teachers got a history lesson and learned several interesting bits of trivia from Jonathan Wood, an Oklahoma City businessman and public relations director. He said two 85-foot-long railcars had been restored and currently are in use. One is a 1928 Pullman observation car, he named the "Natchez" after a favorite city; and the second is a 1947 Illinois Central Gulf car named "Oklahoma."

There wasn't a chimney for him to slide down, but that didn't keep Santa Claus from visiting the Candy Cane Express. The jolly old man in a bright red suit magically "landed" on top of the moving passenger train and burst through a door with a hearty "ho-ho-ho" to the delight of 60 Greenfield Elementary School students. Santa heard some "wishes" for Christmas as he handed out red and white candy canes from his bag of goodies.

On the two-hour trip, the students had soft drinks, popcorn, hot apple cider and special sesame seed good luck cookies. The trip was topped off by each student receiving a paper engineers cap.
